

SLDCADA Version 21.5-00

The following items had already been slated for 21.5-00.

SIR 00222 - MODIFY SLDCADA TO ACCOMMODATE MULTIPLE UICS IN THE SAME DATABASE. Level of Effort (LOE) - High

SIR 01048 - (CCB rank 3) - ADD THE CAPABILITY OF MAINTAINING LIMITED EMPLOYEE/T&A INFORMATION IN SLDCADA TO MEET THE CSR'S 6-YEAR REQUIREMENT FOR SAVING DATA. (LOE) - High

SIR 02063 - IMPLEMENT THE ELAPSED TIME CALCULATION PROGRAM IN THE ORACLE VERSION OF SLDCADA. (LOE) - Medium

SIR 02064 - (CCB rank 118) - ADD THE CAPABILITY OF USING A SMART CARD WITH SLDCADA. (LOE) – High

In addition to those, we have picked from some of the highest priority as identified by the CCB, which fell into the medium effort range.

SIR 01528 - (CCB rank 5) - Display the current system date and time on all reports.

SIR 00201 - (CCB rank 6) - Create a new report (navy personnel command FTE utilization report) to track FTE utilization from SLDCADA at any time during a fiscal year.

SIR 00065 - (CCB rank 9) - On the Total Hours Summary report, add week ending date to identify the date of the data. LOE low

We said that we would look at the list of SIRs dealing with implementing new functionality in the web application separately.

We propose to complete the following:

SIR 02070 - (CCB rank 37) - Implement the Alternate Supervisor Assignments window in the Web application.

SIR 02067 - (CCB rank 44) - Implement the Prior Pay Corrections window in the Web application.

SIR 02068 - (CCB rank 45) - Implement the Certify Prior Pay Corrections window in the Web application.

SIR 02069 - (CCB rank 46) - Implement the Timesheets window in the Web application.
